DETAILED ACTION

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not include the notary's signature, or the notary's signature is in the wrong place.

Specification

The disclosure is objected to because of the following informalities: there are several misspelled words in the specification, such as "hydrogenation" on the first line of the 3rd paragraph on page 4, "device" on line 2 of page 12. Applicants are suggested to review the entire specification for the possible misspelled words.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1764

Regarding step (3) of claim 1, "the C4-C10 process stream on line 3 of the step lacks clear antecedent basis.

"the process stream " on line 2 of claim 2 lacks a clear antecedent basis.

"or the mixtures thereof" on the last line of claim 3 is so confused since it is unclear which ones are included in this mixture.

Allowable Subject Matter

Claim 13 is allowed.

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 2-12 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
